Report of the Event (Road Traffic and Road Safety Awareness)

Report of the Event

Road Traffic and Road Safety Survey- Students of our institution conducted a survey on the status of traffic and road health in the peri-semi urban area of Tamluk Srirampur Bus Road in Purba Medinipur. The survey conducted by 17 students on the status of traffic and road health along the Tamluk Srirampur Bus Road in Purba Medinipur serves as a commendable extension activity, bridging academic learning with real-world applications and community service. This initiative significantly contributed to the students' holistic development by immersing them in an exercise that sensitized them to the infrastructural challenges and safety issues faced by their community. Engaging in this survey allowed students to directly interact with the socio-economic and environmental aspects of urban planning and public health, fostering a sense of social responsibility and civic awareness. By analyzing and addressing the complexities of traffic flow and road conditions, the students not only gained practical insights into urban management but also played a pivotal role in advocating for improvements and safer transportation networks in their locality. Students of our college presented the Road survey project and achieved success in the East Zone Students' Research Convention 2019-20 programme held at the Jadavpur University.

Report of the Event (Say No To Plastic Campaign)

Report of the Event

The "Say No to Plastic" campaign, led by students in collaboration with IQAC on 19th November 2019 at the Moyna Rashmela fair, was an important activity for both helping the community and teaching students about important social issues. The students talked to people at the fair about how bad plastic is for the environment and encouraged them to stop using it. This project showed the students how they can make a difference in protecting the environment and taught them about working together for a good cause. They learned a lot about taking care of the planet and how to persuade others to do the same, which is a big step in becoming responsible and aware citizens. There were 50 students who heartily participated in this initiative.

Report of the Event: Dengue and Chikungunya Awareness

Report of the Event

Following the directive of the West Bengal Government from memo no. ED-516/2019 on 13th March 2019, focused on combating Dengue and Chikungunya, the community and students were engaged in significant preventive measures as outlined by the Department of Education Directorate, Government of West Bengal. Complementing these guidelines, an emphasis was placed on conducting awareness lectures on Dengue prevention before the start of classes, ensuring a broad-reaching educational impact.

Leveraging this knowledge, 34 students in collaboration with IQAC of the college, took proactive steps towards community engagement by visiting the neighboring village of Nimtouri. There, they embarked on a mission to spread awareness about the prevention of Dengue and Chikungunya, demonstrating a hands-on approach to learning and social contribution. This initiative not only enhanced their understanding of these health issues but also sensitized them to the importance of community health, reinforcing their development into socially responsible individuals. Through these extension activities, students were able to witness firsthand the impact of their efforts on public health and the importance of their role in fostering a healthier society.

Report of the Event : Clean India Mission Campaign

Report of the Event

Clean India Mission was held on 6th April 2023 at Kulberia Bhimpur Fair ground by the NSS of Shahid Matangini Hazra Government General Degree College for Women, Purba Medinipur, significantly impacted the neighborhood community by promoting cleanliness and hygiene. The participating students were sensitized to the importance of cleanliness and the role they play in societal well-being. This activity fostered a sense of responsibility and community service among the 26 volunteer students, enhancing their holistic development by instilling values of social commitment and environmental protection.

Report of the Event : Road Traffic and Air Pollution Awareness

Report of the Event

On 10th May 2023, the Road Traffic and Air Pollution Awareness program conducted at Kulberia Road by the NSS of Shahid Matangini Hazra Government General Degree College for Women, Purba Medinipur, educated the local community about road safety, the importance of following traffic rules, and the adverse effects of air pollution. The campaign aimed to reduce road accidents, promote safe driving habits, and raise awareness about the environmental impact of vehicular emissions. 31 Students participated actively, engaging with the community to spread awareness about both road safety measures and ways to minimize air pollution. This experience sensitized them to the critical issues of road safety and environmental protection, fostering a sense of civic responsibility and enhancing their awareness of public safety and environmental concerns, contributing to their overall development as responsible and environmentally conscious citizens.

Report of the Event : Tree Plantation Drive

Report of the Event

The tree planting initiative undertaken by 42 students in collaboration with the National Service Scheme (NSS) on 6th June, 2023 in Uttar Sonamui village represents a significant step towards environmental conservation and community engagement. This activity not only contributed to the greening of the area but also played a crucial role in sensitizing students to the importance of the pressing issue of climate change. By actively participating in the planting of saplings, students were able to directly contribute to the betterment of the local environment, thereby learning about the tangible benefits of reforestation and afforestation efforts. Such hands-on experiences are invaluable in fostering a deep connection with nature, understanding the ecological impact of trees, and recognizing the importance of biodiversity for sustaining life. Moreover, this initiative helped in developing a sense of social responsibility among the students, highlighting how individual and collective actions can lead to significant positive changes in the community. It served as a practical lesson in teamwork, planning, and executing community service projects, skills that are essential for holistic development.
