Report of Entrepreneurial Skill Development Training Session of Herbal Shampoo Making

REPORT

Hands on Session in collaboration with Department of Chemistry

PREPARATION OF HERBAL SHAMPOO

Principle : Shampoo is the hair preparation that is designed for providing sufficient cleansing power together with adequate foam for removing soil from the hair and scalp without reducing natural oiliness so that the hair is left with a natural view and in a soft and manageable condition.

The shampoo has some purposes or function that are given below:-

- To keep the hair in soft and lustrous condition with good manageability and minimum of fly away.
- To remove dandruff.
- To impart a pleasant fragrance.

Ingredients:

- Soap powder (sodium lauryl sulphate) acts as a detergent by making foam. it also acts as a surfactant.
- Di-Sodium-orthophosphate is used as a chelating agent. Sometimes it is called an emulsifying agent that stabilizes the emulsion.

Procedure:

- 1 gram sodium lauryl sulphate is dissolved in 15 ml rose water.
- The heat is applied for 5 minutes for a proper solution.
- 0.5 gm Di-Sodium-orthophosphate is dissolved in 10 ml water and heat is applied for a few minutes. then both solution mixed with continuous stirring.
- An egg is ruptured and half of the portion of the mixtures of egg yolk and white of an egg which mixed vigorously then added to the solution and shaken properly.

Cautions:

- Wash and clean all the equipment before starting the experiment.
- Triturate uniformly.

Justification the use of shampoo:

Remove dandruff and soft hair and scalp for black and shiny hair overall impart a pleasant fragrance.

Seminar on Language: Social Interactions in Digital Age

ABOUT THE SEMINAR

The purpose of this seminar is to point out the need of face-to-face interactions which is significantly hampered due to extensive use of social media as mode of interpersonal communication. On top of that, youth tend to use abbreviations of words during message typing. This practice will render them forget actual spelling of words and they will face problem while writing any formal letter or in any exam. So this seminar will encourage students to practice using correct spelling and to frequently meet with friends rather than chatting via social media platforms.

**Resource Person: Dr. Arindam Goswami, Associate Professor and Head,
Department of Bengali,
Government General Degree College Singur, Hooghly - 712409**

Through his lecture, Dr. Arindam Goswami wanted to point out how language is affected in digital communication. Today's youth tend to use abbreviations or short forms of words during message typing. For example, "Take care" is written as "k cr" i.e by eliminating vowels. Again Bengali language is typed using English words but that too, abbreviated. For example, "I am eating" means "Ami khachhi" in Bengali, which is typed as "Mi kha6i". So the speaker wanted to highlight that these practices may lead to forgetting actual spelling of words and youth may face difficulty while writing in an exam or a resume or a formal application for job and so on and so forth. Thus the dynamics of interpersonal communication have changed significantly and social media is preferred rather than face-to-face interactions. Earlier people spent time together but now it is rare, thus extensive social media usage has also affected relationships among each other. Thus the speaker chose to speak on this important topic to motivate students to use words with their proper spelling and also encouraged face-to-face interactions among each other.

The significance of Bengali language in preserving cultural heritage, historical narratives and personal memories within the Bengali community. Students will actively interact by sharing their childhood memories and will also share the language used by their grandparents and local variants of Bengali language will come up during such discussions. Thus it will delve into the role of language in shaping identity, fostering connections across generations and safeguarding intangible heritage. Discussions will also touch upon linguistic diversity, language revitalization efforts and the intersection of language with literature, art and social movements in Bengal. 2. The second lecture will deal with the revival of old Bengali words to make students aware of all Bengali words that are no longer in use. So students will benefit by gaining knowledge about the existence of such words.</i></p>	<p>ORGANIZED BY INTERNAL QUALITY ASSURANCE CELL</p>  <p>SHAHID MATANGINI HAZRA GOVERNMENT GENERAL DEGREE COLLEGE FOR WOMEN</p> <p>DATE: 05.04.2023</p> <p>TIME: 12:00 NOON</p> <p>VENUE: ROOM NO. 1</p>

Seminar on Language of memory and New way of use of unconventional Bangla works
(Language and Communication Skill)

Date: 05.04.2023

Venue: Room No. 1

Time: 12 noon

Resource Persons:

1. Shri Debayan Chaudhuri, Assistant Professor and Head, Department of Bengali, Shahid Matangini Hazra Government General Degree College for Women
2. Shri Subrata Das, Assistant Professor, Department of Bengali, Shahid Matangini Hazra Government General Degree College for Women

The seminar focussed on two aspects of Bengali language. The first speaker, Shri Debayan Chaudhuri emphasized that in the context of memory, language plays a crucial role in shaping how individuals remember, interpret, and communicate their experiences. For Bengali speakers, the language is not just a means of communication but also a carrier of their cultural heritage, traditions, and historical narratives. Bengali language is deeply intertwined with the rich history and diverse cultural identity of the Bengali people. Bengali as a language of memory plays role in preserving and transmitting oral traditions, folklore, and historical accounts from generation to generation. Through Bengali poetry, literature, songs, and storytelling, the collective memory of the Bengali people is preserved and passed down, allowing individuals to connect with their roots and maintain a sense of cultural continuity. Students actively participated in interactive discussion by sharing their experiences, recollecting their childhood memories.

The next speaker, Shri Subrata Das highlighted that the journey of Bengali language began about 2500 years ago. This early phase of Bengali language was actually the era of Aryan language. The ancient Indian Aryan language evolved into Bengali language about 1200 years ago. During that period many Vedic words which gradually enriched the vocabulary of Bengali language are known as "Tatsama Shabd". Most of these words now, have no place in everyday life but in the dictionary. For example, we find many words in Amar Singh's "Amarkosh" or Rajsekhar Bose's "Chalantika" dictionary which have no application in our daily life. For example, the word "Atripya" means "Ata fruit" found in Rajsekhar Bose's dictionary but we are not aware of its usage. So the purpose of this discussion was to make students aware of the existence of many such words and their application so that students can apply them in their own way. This discussion increased their curiosity about the language and will seemingly improve the quality of their writing skills. They will also be able to use different synonyms for the same word in new ways.

Report of Seminar on Thalassaemia Awareness

Thalassaemia is an incurable disease. Only awareness may help us to protect ourselves from this curse of the society. Therefore this camp has been jointly organized by National Service Scheme (NSS), Unit I and Internal Quality Assurance Cell (IQAC) of Shahid Matangini Hazra Government General Degree College for Women in collaboration with Thalassaemia Control Unit-Calcutta School of Tropical Medicine and Naikundi Janakalyan Samiti, Rotary Club of Haldia. The camp was held on 30th November, 2018, 12 pm onwards.

Awareness Programme and speech given by rotary members and one doctor from Calcutta School of Tropical Medicine.

This Awareness Programme helped students in getting awareness about their social responsibilities and demonstrated enthusiastic participation for the same. Awareness was spread about Thalassaemia that if parents are carriers of thalassaemia, the child has a greater chance of inheriting a more serious form of the disease.

Thalassaemia is commonest single gene disorder in the world population today. The commonest type seen is Beta Thalassaemia. With the present population of over one billion people, it has been calculated that there are about 30 million carriers in our country. In reference to present birth rate, it has been estimated that about 8000-10000 children with Thalassaemia Major are born every year in our country. According to government estimates about 205 lakhs of Thalassaemic children are there in our country that require regular treatment of which approx. 1 lakh children are below poverty line. The only cure available in Bone Marrow transplantation that will require Rs. 8 lakhs to Rs. 10 lakhs per case.

The only way to reduce this psychological and financial burden on the family, society and country is to prevent the birth of Thalassaemic. Many countries in the world like Cyprus, Sicily, Italy & Greece have eliminated this disease from their population through genetic counselling and prenatal diagnosis. Hence, it should be emphasized to undergo screening list for Thalassaemia Trait in order to prevent the birth of Thalassaemia children.

Thalassaemia has no root cure, but it's growth rate can be retarded only by mass awareness and simple blood test to arrange pre-marital detection and counselling to safeguard against Thalassaemia victimization. The volunteers were instructed to spread the valuable information to everyone in the locality including the college students about

Report of Adolescent Health Awareness and Sensitization Camp

Report of the Event

Shahid Matangini Hazra Government General Degree College for Women in Purba Medinipur organized a two-day event on March 13-14, 2023, focusing on Adolescent Girls' Health Awareness and Sensitization. The program began with an introduction by Principal Dr. Bijoy Krishna Roy, followed by a health awareness talk and a Q&A session. Prof. Souti Basu discussed the psychological changes and shortcomings in adolescent girls. She gave emphasis on the ways to tackle the problems. Prof. Enakshi Das gave an overall knowledge of adolescence. Prof. Aditi Jana talked about the issues of the adolescent girls of the age between 13-19. She also emphasized on the physical and emotional health of the adolescent girls. Prof. Piku Dasgupta of the Political science department delivered her lecture in a captivating way. The session was an interactive one.

On the second day, participants visited Ganapatnagar Village to raise health awareness among the local community, gathered feedback from students, and concluded with a vote of thanks. The event was coordinated by the IQAC Coordinator, Principal, and NSS Coordinator of the college. The two-day event significantly enhanced the students' life skills related to adolescent health and hygiene. Through interactive sessions and community engagement, the students learned about essential topics such as menstrual hygiene management, nutritional needs, mental health awareness, and the importance of regular health check-ups. These activities empowered the girls with practical knowledge and skills to manage their health better, promote hygiene practices, and support their peers in the community, fostering a sense of responsibility and leadership.

Report of the Event: Seminar on Child Marriage Prevention Awareness

Child marriage remains a global concern, affecting millions of girls and boys each year. To address this issue, Shahid Matangini Hazra Government General Degree College organized a 2 Day program. On Day 1 there was a Seminar and followed by an interactive session which addressed the pivotal role in raising awareness, sharing knowledge, and fostering collaboration.

The Speakers for this Session

Dr. Enakshi Das

Dr. Ina Dhar Roy Das Gupta

Piku Das Gupta

Dr. Enakshi Das began the session by contextualizing child marriage, emphasizing on its harmful consequences for individuals, families, and communities.

She also spoke about the prevalence, root causes, and socio-cultural factors that perpetuate child marriage.

Piku Das Gupta mainly made the participants aware of the Legal Frameworks and Policies and international conventions related to child rights. Participants explored how legal reforms can strengthen protection against child marriage.

Dr. Ina Dhar Roy Das Gupta spoke about the necessity of community engagement to prevent the menace of child marriage. The physical and emotional toll of child marriage on young brides also discussed.

All 3 speakers of this session emphasised on the issue of reproductive health and mental well-being, in child marriage cases. They also reiterated the fact that education is necessary in preventing child marriage and subsequent economic empowerment is of primary importance.

The session ended on a positive note providing overviews and valuable insights on prevention of Child marriage.

Report of Workshop on 'Turn your Idea to Business'

Shahid Matangini Hazra Government College for Women is dedicated to fostering entrepreneurship among its students. In pursuit of this goal, the college actively participated in a two-day online workshop titled "Turn Your Ideas into Business," organized by the Rotary Club, Jayanagar. The workshop took place on September 12th and 13th, 2020, from 4 pm to 8 pm on an online platform. The primary objective of this workshop was to inspire students to generate innovative ideas and increase their self-confidence. Renowned resource persons such as Vidyanag Moka (CEO, VTG), Ankit Yadav (CEO, Urban Cowboy), Ajay Aiyer (Career Guide), and Kaaranji Shreedhar (Writer, First-gen Entrepreneur) facilitated the career counseling session over the two days. 127 students of the college participated in the event and gained tremendous knowledge.
